Applicants who meet one or more of the following requirements may apply to the PEARL programme.

- (1) Those who, by September 21, 2024, have completed, or are expected to complete, 12 years of formal education in Japanese schools accredited by the Ministry of Education, Culture, Sports, Science and Technology (MEXT) (not all 12 years have to be spent at schools in Japan).
- (2) Those who have completed, or are expected to complete, 12 years or more of formal education in foreign schools outside Japan by September 21, 2024 (not all 12 years have to be spent at schools overseas).
- (3) Those who, by September 21, 2024, have completed, or are expected to complete, 12 years or more of formal education at schools for international students in Japan accredited by an international accrediting organization (WASC, CIS, ACSI, or NEASC), or foreign schools in Japan accredited by MEXT to be equivalent to a high school outside of Japan (not all 12 years have to be spent at those schools).
- (4) Those who have passed an examination demonstrating academic ability equivalent to 12 years of formal education, such as the GED (General Educational Development) test or another high school equivalency exam (Upper Secondary School Equivalency Examination [高等学校卒業程度認定試験]), and will be 18 years of age by September 21, 2024.

In order to prove their eligibility, the applicant is required to submit an official document issued from their school explaining the reason(s) for the early completion, the details such as the skipped grade(s), and the dates that apply.

* If you wish to be considered under requirement (5), you should contact the Admissions Center **at least one month before the start of the application period** in order to confirm the details, such as required documents and the application period for individual screening. Keio University will then determine whether you are eligible to apply under item (5).
